Job Objective : People oriented computer specialist with expertise in programming, project management, analysis, software, web development, network administration, consulting and graphics seeks employment in computer field.

Qualifications : Fluent in the following languages

VB, VB.NET, VBA	ASP, ASP.NET	PHP
Visual C++, C++ Builder, C+, C#	SQL Server, MySQL	Visual FoxPro, FoxPro
Java, Java Script, JSP, WML	XML, CSS, HTML, HTML	Delphi, Pascal
Oracle	COBOL	Fortran
dBase, SQL	R:BASE, SQL	Paradox
Linux	Windows, OS/2	UNIX (AIX, Solaris)

: Fluent in the following systems

Windows 98, NT, 2000, XP, 2003, Vista, 2008	Netware 3.x - 6.x
IBM - PC, XT, AT, 286, 386, 486, Pentium, Xeon, AS-400	AIX
Apollo Workstations	Apple, Macintosh
Silicon Graphics	Sun Sparc
Cray Cyber 205 Super Computer	Sony
HP-64000 Development System, Desktops, Laptops	Compaq
Lantastic	Banyan Vines
Cisco, D-Link, Linksys, NetGear	Dell
Gateway	Toshiba

: Fluent in the following software

Accpac	Great Plains Accounting	Impact Accounting
MAS200, MAS500 Accounting	Peachtree Accounting	Platinum Accounting
Real World Accounting	Solomon Accounting	Timberline Accounting
Visual Basic	Oracle	Visual FoxPro, FoxPro
dBase	Paradox	R:BASE
AutoCAD	3d Studio	Alias
FormZ	Lightscape	Design Cad 3D
Adobe Illustrator	Adobe Photoshop	Adobe Premiere
Crystal Reports	Expressions Web	Corel Draw
Excel	Quattro Pro	Front Page
Page Maker	Ventura Publisher	First Publisher
Microsoft Word	Word Perfect	Ami Pro
Microsoft Project	Goldmine	Visio
Norton Firewall , Ghost , Util.	SharePoint Server	InfoPath
PC Anywhere	Mail Enable Pro	CRM
Visual Café	IIS	MySQL
Outlook	MS Mail	Exchange
PowerPoint	Lotus Notes	Access
Dreamweaver	Fireworks	Flash
Rational Rose	SourceSafe	StarTeam
InstallShield	Wise Installation	Internet Developer

Education	Associate Degree in Computer Science from the Community College of Denver.	1989.
	Bachelors - Arts and Humanities from Colorado State University.	1990.
	Novell CNA - Certified Novell Administrator	1994.
	Microsoft Office Specialist Certification - Excel	2004.
	Microsoft Office Specialist Certification - Access	2008.
	Microsoft Office Specialist Certification - Word Expert	2008.
	Microsoft Office Specialist Certification - Excel Expert	2008.
	Microsoft Office Specialist Certification - PowerPoint	2008.
	Master Microsoft Office Specialist Certification	2008.
	Microsoft Certified Application Specialist - Windows Vista	2008.
	Microsoft Certified Application Specialist - Outlook	2009.
	Microsoft Certified Technology Specialist – Configuring Windows Vista	2009.
	Microsoft Certified Professional	2009.
	Microsoft Certified Technology Specialist – MS Office SharePoint Server	2010.
	CompTIA A+ 2009 Certified IT Technician	2010.
	CompTIA Network+ 2009 Certified	2010.
	(Copies of all degrees, certificates and references are available on request.)	

Goals **I wish to work for a progressive, productive company and develop computer software and hardware on the cutting edge of technology.**

Work Experience

- **June 2007 – September 2010 – ASP.NET, Ajax, Visual Basic.NET, C#, CRM Customization, Accpac, Act, Access, SQL Server, MySQL, PHP, Crystal Reports, Windows Server 2003 and Server 2008, Search Engine Optimization (SEO), Flash and SharePoint Server for the purpose of producing and maintaining various types of client server and web based programs.**
- **December 2003 – June 2007 – ASP.NET, Visual Basic.NET, Delphi, Great Plains, Solomon, SQL Server, MySQL, PHP, Crystal Reports, Windows Server 2003 and SharePoint Services for the purpose of producing and maintaining various types of client server and web based accounting programs.**
- **September 2003 – December 2003 –Network Administration for a large company using Netware 5.X, Windows 2000 Server and Workstation, Cisco routers, NetGear and Linksys products for purpose of installing and maintaining a large network.**
- **May 2003 – August 2003 - SQL Server 2000, Java, Visual Basic Script , Active Server Pages, WAP, WML, Internet Information Server 6, Visual Basic.NET the purpose of developing and maintaining wireless and non-wireless automotive dealership software.**
- **August 2001 – December 2003 - SQL Server 2000, Java Script, Visual Basic Script, Active Server Pages, HTML, DHTML, Internet Information Server 6, Visual Basic, Crystal Reports for the purpose of developing and maintaining various web sites and preexisting software packages.**
- **August 2000 – August 2001 - Oracle 8i, SQL Server 2000, Java Script, Active Server Pages, Visual C++, Visual Basic for the purpose of developing and maintaining Ecommerce software and internet hospitality industry software.**
- **January 2000 – July 2000 – Visual Basic, Visual FoxPro, MAS90 Accounting, Impact Accounting, Crystal Reports for the purpose of writing and maintaining manufacturing accounting software and enhancing existing MAS90 reports.**

Professional experience in analysis, design, project development, testing and implementation of the following software applications.

- Visual Basic.NET , Visual Basic programs I have written include a mortgage - loan application, a contact management program, a robotics program to monitor fuel flow, a medical diagnosis program and a OCR program to store scanned information to databases.
- Visual C++, Turbo C programs I have written include a program to monitor what all of the modems on networks are doing a desktop publisher, a windows registry editing program a astronomy evolution program and a 3 dimensional graphics program.
- Accounts Receivable consists of check information, payment history, AIA billing, Invoicing and report menus written in Visual Basic, Visual C#, Visual FoxPro, dBase, Paradox, R:BASE and COBOL. The invoicing program is also a point of sale program available in Visual Basic, Visual FoxPro. Accounts Receivable is currently in use by an electronics company, photography company, machine shop and a diamond company.
- Accounts Payable programs consists of check Information, payment history, check register, report menus and 1099's written in Visual Basic, Visual C#, Visual FoxPro, dBase, paradox, R:BASE and COBOL. A hair salon, construction company and a photography company are currently using accounts payable.
- General Ledger is integrated in to Accounts Receivable, Accounts Payable, Inventory and job costing and payroll and is in use by five companies.
- Inventory Control , Fixed Inventory consists of Inventory Control (that is pulled from when products are sold in accounts receivable) and Fixed Inventory (that is usually used for company assets that are not regularly sold). Inventory is available in the following languages : Visual Basic, Visual C#, Visual FoxPro, dBase, paradox and R:BASE. Inventory is currently running in a machine shop, construction company, photography company, shirt company, dry cleaners and a used car dealer.
- Job Costing consists of Job Cost Analysis, Estimating, Budgeting Job cost Report, Excel , Lotus 123 Interface and Bid sheets. Job Costing is in use by a construction company and electronics company.
- Payroll is being used by a photography company and a dry cleaner. Payroll consists of check information, Check register for printing checks, payment history, time clock, W2's and report menu. Payroll programs have been written in Visual Basic, Visual FoxPro, dBase, Paradox, R:BASE, Turbo C and Visual C++.
- An SQL program for searching for resorts that meet different criteria is in use by a travel agency.
- An assortment of function key and icon activated calculators and calendars have been added to most of my programs as well as tools programs for handling DOS functions from inside my programs and to change program colors. F1 and the help icon activates on line help in all of my programs.
- A 3 dimensional CAD package is in use by a machine shop and construction company and is written in Visual C++, Visual Basic and Pascal.
- Lotus Notes , Domino Web Server applications have been set up on Novell networks so that users could build project specifications together smoothly and easily. Lotus Notes also serves as some companies E-mail program for all E-mail.
- AS – 400 – PC network integration applications are in use by a hotel chain and resort and is written in Visual Basic with the AS – 400s running on OS , 400 with a 5250 PC emulation.
